Representative Mark Takano
Chairman
Committee on Veterans' Affairs
United States House of Representatives
B-234 Longworth House Office Building
Washington, DC 20515

Representative Phil Roe, M.D.
Ranking Member
Committee on Veterans' Affairs
United States House of Representatives
3460 O'Neill House Office Building
Washington, DC 20024

Dear Chairman Takano and Ranking Member Roe:

On behalf of the 61 undersigned organizations representing the Nursing Community Coalition (NCC), we urge you to include and pass the bipartisan United States Cadet Nurse Corps Service Recognition Act of 2019 (H.R.2056) in any legislative package honoring our nation's veterans before the end of the 116th Congress. H.R.2056 recognizes the nurses who served as members of the U.S. Cadet Nurse Corps during World War II and provides them with honorable discharges, medal privileges, and burial benefits for cemeteries administered under the Department of Veterans Affairs. As a coalition representing the cross section of nursing education, practice, research, and regulation within the nursing profession, we fully support this significant legislation and strongly encourage the Committee to take up and pass H.R.2056 this Congress.

As we celebrate the International Year of the Nurse and the Midwife, it is vital that we not only recognize the nurses currently helping patients every day, including those on the frontlines combating COVID-19, but also honor the nurses that laid the foundation of our profession. This is the case for the nearly 120,000 nurses who answered the call from 1943 to 1948 and honorably cared for our servicemen and women during World War II.

On June 21, 1945, President Truman issued Executive Order No. 9575, which declared "the commissioned corps of the Public Health Service to be a military service and a branch of the land and naval forces of the United States for the period of the present war."¹ The U.S. Cadet Nurse Corps operated under the direction of the U.S. Public Health Service.² Unfortunately this heroic group was not considered for veterans' status under the GI Bill Improvement Act of 1977 ([P. L. 95-202](#)). The GI Bill Improvement Act granted veterans' status for groups who served in World War I and II, including the

civilian Women's Air Force Service Pilots (WASPs) and other groups of employees with war-related occupations, but not those in the U.S. Cadet Nurse Corps.³

For over 75 years these brave nurses remain unrecognized. The NCC strongly encourages you to include this bipartisan bill in any relevant legislation and pass H.R. 2056, the U.S. Cadet Nurse Corps Service Recognition Act before the end of the 116th Congress. If our organizations can be of any assistance, or if you have any questions, please contact the Nursing Community Coalition's Executive Director, Rachel Stevenson, at rstevenson@thenursingcommunity.org or at 202-463-6930, ext. 271.
