

2019 Nursing Community Coalition Members

The Nursing Community Coalition includes 63 members that are the cross section of education, practice, research, and regulation within the nursing profession. We believe that the healthcare delivery system should be one that promotes wellness, advances research through scientific discovery, and provides timely access to care across the continuum. With over four million licensed Registered Nurses, Advanced Practice Registered Nurses, and nursing students, the profession embodies the drive and passion to continually improve care for patients, families, and communities.

Steering Committee

The Steering Committee is the only standing committee of the Nursing Community Coalition. These members are voted on by the membership and act as an advisory group for the NCC. In this advisory role, they are responsible for reviewing and approving time-sensitive communications on behalf of the NCC as it relates to the core principles, attending in-person Hill or Administration meetings on behalf of the coalition, and providing policy and advocacy updates at the full NCC membership meetings.

Rachel Stevenson, Executive Director

Rachel Stevenson serves as the Executive Director of the Nursing Community Coalition on behalf of the coalition's Convening Organization, the American Association of Colleges of Nursing.
